

Product specification sheet

▣ Mechanical Specifications

content	unit	SJ-20	SJ-20MC
Bed surface rotation	mm	360	
Slide seat rotation	mm	225	
Maximum machining diameter	mm	225	205
Maximum processing length	mm	320	300
Chuck size	inch	6	
spindle motor	kw	11/15	
Spindle maximum speed	rpm	6000	
milling shaft speed	rpm	-	4000
Number of knives		8	12
Slide rail type		Line rail	
Net weight of the machine	Kg	3300	

▣ Standard accessories

Three-jaw hydraulic chuck	Hard claw *1 set	Face tool holder*2
Programmable tailstock	Soft claws*10 sets	Inner diameter tool holder*6
Hydraulic system	Movable thimble	Boring knife sleeve *2 sets
cooling system	Scrap conveyor and scrap truck	U-shaped drill socket*1 set
Automatic lubrication system	Chuck foot switch	MT drilling sleeves*2 sets
Work light	Electronic handwheel	handbook
Heat exchangers	The toolbox contains tools	
*The MC model does not come with any tool holder or socket		

Product specification sheet

▣ Mechanical Specifications

content	unit	SJ-10i	SJ-10iM
Bed surface rotation	mm	360	
Slide seat rotation	mm	160	
Maximum machining diameter	mm	100	
Maximum processing length	mm	330	
Chuck size	inch	5	
spindle motor	kw	7.5/11	
Spindle maximum speed	rpm	6000	
milling shaft speed	rpm	-	4000
Number of knives		6	
Slide rail type		Line rail	
Net weight of the machine	Kg	3000	

▣ Standard accessories

Three-jaw hydraulic chuck	Hard claw *1 set	Face tool holder*2
Hydraulic tailstock	Soft claws*10 sets	Inner diameter tool holder (SL-8*6, SL-10*5).
Hydraulic system	Movable thimble	Boring knife sleeve *2 sets
cooling system	Scrap conveyor and scrap truck	MT drilling sleeves*2 sets
Automatic lubrication system	Chuck foot switch	handbook
Work light	Electronic handwheel	
Heat exchangers	The toolbox contains tools
